Other Notable Activities:

Date of Application:

Application Procedures

1. On page 2 of this application, please include a one-page essay on your immediate flight training goals, your long term aviation goals, how you plan to achieve them, and how you might “give back” to the aviation industry once you have attained these goals. Also indicate who you intend to train with, and how you selected that person or entity.
2. On page 3, please include biographical and demographic information, using the format provided. *This information may be used for ICAS Foundation press releases about the scholarships program.*
3. Rename this file as follows: LastName FirstName MCscholarship.doc
4. Email this completed application form to scholarships@icasfoundation.org using the subject line “Marion Cole Scholarship Application.”
5. DO NOT SUBMIT or ATTACH PHOTOGRAPHS, DRAWINGS OR ARTWORK with your application.
6. Application submissions received prior to the selection cutoff date will be considered by the selection committee for the current year. Submissions received after the cutoff date are held for next year’s program.

Applicant Name:

Local newspapers - *please provide the name of the paper and the city in which it is published:*

- 1.
- 2.
- 3.

Local Airports or Fixed Base Operations:

- 1.
- 2.

Websites (Optional) - please provide links to additional information about you, if applicable:

- 1.
- 2.

Biographical Information – please provide below a short **one-paragraph** narrative describing yourself. Consider including information about where you were raised, where you live, what you do, your aviation activities, what inspires you, your other interests, family members, and notable accomplishments. Use the third person when writing your narrative (John was raised in New York City, **not** I was raised in New York City).

In the event you are selected, you will be required to provide proof of eligibility, and asked to provide a high-resolution digital photograph of yourself. The photo must be at least 300 dpi at 3.5x5 inches; photos of this quality can be produced from digital cameras with a minimum of 2 megapixels.
